The Dynamics of Focus Structure Nomi Erteschik-Shir 1997 Develops a new theory of focus structure, exploring the role of focusing in natural language sentence.

Northern English Katie Wales 2006-06-29 English as spoken in the north of England has a rich social and cultural history; however it has often been neglected by historical linguists, whose research has focused largely on the development of 'Standard English'. In this groundbreaking, alternative account of the history of English, Northern English takes centre stage for the first time. Emphasising its richness and variety, the book places northern speech and culture in the context of identity, iconography, mental maps, boundaries and marginalisation. It reassesses the role of Northern English in the development of Modern Standard English, draws some pioneering conclusions about the future of Northern English, and considers the origins of the many images and stereotypes surrounding northerners and their speech. Numerous maps, and a useful index of northern English words and pronunciations, are included. Innovative and original, Northern English will be welcomed by all those interested in the history and regional diversity of English.

Old-House Journal 1995-09 Old-House Journal is the original magazine devoted to restoring and preserving old houses. For more than 35 years, our mission has been to help old-house owners repair, restore, update, and decorate buildings of every age and architectural style. Each issue explores hands-on restoration techniques, practical architectural guidelines, historical overviews, and homeowner stories--all in a trusted, authoritative voice.

Ballooning 1998

Foreign Accent Roy Coleman Major 2001 Even though second-language learners may master the grammar and vocabulary of the new languages, they almost never achieve a native phonology (accent). Scholars and professionals dealing with second-language learners would agree that this is one of the most persistent challenges they face. Now, for the first time, Roy Major's Foreign Accent covers the exploding scholarship in this area and lays out the issues specifically for audiences in the second language acquisition and applied linguistics community.

New York Magazine 1977-02-07 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.
