The First Muslims Asma Afsaruddin 2013-10-01 A fresh look at the origins and development of Islam, this is a fascinating reconstruction of the era of the first three generations of Muslims. Using a wealth of classical Arabic sources, it chronicles the lives of the Prophet Muhammad, his Companions, and the subsequent two generations of Muslims, together known as the "the Pious Forebears". Examining the adoption in contemporary times of these early Muslims as legitimizing figureheads for a variety of causes, both religious and political, Afsaruddin tries to establish where their sympathies really lay. Essential reading for anyone interested in the inception of the Islam, this important book will captivate the general reader and student alike.

Mulla Sadra and Eschatology Eiyad S. Al-Kutubi 2014-09-15 The book explains Sadr?'s theory of the nature of afterlife. It presents Sadr?'s philosophical premises concerning the nature of human beings and their physical and psychological developments through which Sadr? shows how the afterlife is intimately connected to the nature of the human being and how it is a natural stage of the evolution of each individual in which a corporeal body has no role. Presenting Mull? Sadr? in a new light, the aim of this book is to investigate Sadr?'s metaphysical principles of the Return (al-ma'?'d) that have been either partially presented or misunderstood in most of the existing secondary literature. Focusing on Sadr?'s philosophical works, specifically the Asf?r and his commentary on the Quran, this study demonstrates how Sadr? is a philosopher able to carry the premises of the previous philosophical theories to radically different conclusions. Mull? Sadr? and Eschatology demonstrates the manner in which Sadr? explains the Return as presented in the Quran and Hadith, but also shows how he presents the Return as a natural stage of the evolution of human beings in which a corporeal body has no role. Thus, Sadr? offers a plausible philosophical explanation to the problem of bodily resurrection that had occupied Muslim philosophers for centuries. Explaining Mull? Sadr? 's distinctive method of "doing" philosophy, this book will be of interest to students and scholars of Islamic Philosophy, Religion and Islamic Studies more broadly.

FATIMEH AL-ZAHRA Sayyid Hussein Alamdar 2014-07-26 By God! They raised objection against the cutting swords of Ali, his being indifference with respect to the death in the battlefield, his power of the combat in the warfare, and the scattering strokes. By God! If people have joined with each other and would have given the caliphate to some one about whom the Holy Prophet (SAW) has recommended, any time if the people had deviated from the path of the truth, he would guided them towards the righteous path with out any pain and disturbance that neither the mount had become incapacitated nor its rider would have tired and sad. Ultimately he would have lead them to the pure and pleasant fountainhead of water, the canal that on both sides was saturated with the water that had never been polluted. And then after the complete quenching of their thirst had returned them, and as a result they would have found him their well-wisher in hidden and apparent. [Ali] would never had taken any benefit from the world and from it there had not been any advantage except the quenching of the thirsty and feedings of the hungry ones. And here the world-worshipper from the ascetic one, righteous one from the liar had been explicit for all of them. And in accordance of what God's has said in the Holy Qur'an: 'If the people of towns would have accepted faith and were pious, We would have opened the gates of heaven's blessing upon them, but since they denied We punished them for their evil deeds.' And: 'Those who indulges in the tyranny and oppression their deeds would caught their skirt, and they would never be able to escape from the divine punishment.' The second Sermon of Fatimeh al-Zahra (SA), p-155."

Quranic Sciences Abbas Jaffer 2009-04-01 Until now studies of the Qur'anic sciences have either been partial, brief, or sectarian. In the main, such works have more or less ignored the contribution of the great Shia scholars to our understanding of the Qur'anic sciences. This book has been written not only to redress this gap but also to present a new and more balanced view of this important topic. The authors have addressed many more issues than are usually found in a book on Qur'anic sciences, Some of which have not been hitherto unavailable in English. It is hoped that the book will be a useful addition to the material available to undergraduate students who are studying Islam.

Non-Sunni Muslims in the Late Ottoman Empire Necati Alkan 2022-02-24 The Alawis or Alawites are a minority Muslim sect, predominantly based in Syria, Turkey and Lebanon. Over the course of the 19th century, they came increasingly under the attention of the ruling Ottoman authorities in their attempts to modernize the Empire, as well as Western Protestant missionaries. Using Ottoman state archives and contemporary chronicles, this book explores the Ottoman government's attitudes and policies towards the Alawis, revealing how successive regimes sought to bring them into the Sunni mainstream fold for a combination of political, imperial and religious reasons. In the context of increasing Western interference in the empire's domains, Alkan reveals the origins of Ottoman attempts to 'civilize' the Alawis, from the Tanzimat period to the Young Turk Revolution. He compares Ottoman attitudes to Alawis against its treatment of other minorities, including Bektashis, Alevis, Yezidis and Iraqi Shi'a. An important new contribution to the literature on the history of the Alawis and Ottoman policy towards minorities, this book will be essential reading for scholars of the late Ottoman Empire and minorities of the Middle East.

Training and Education in Islam Murtaza Mutahhari 2011-08-22 The twentieth century saw heightened tension between religious and secular approaches to education. In this era of cataclysmic social change, Mutahhari presented this Islamic perspective on training and education, using his signature approach of applying traditional Islamic sources to

contemporary questions. Although, in this time, rote learning was prized, Mutahhari emphasised the importance of critical thinking skills. He also emphasised education outside of the classroom, such as learning through work. Taking a holistic perspective, he discussed the importance of spiritual and moral training, worship as a means of personal development, and the importance of developing self-esteem. Although delivered in the 1970s, these lectures remain essential reading for anyone in training or education.

Islamic Prayers Volume II

The Story of Karbala Ayatolla Ali Nazari Munfarid 2019-06-20 "Oh, Allah, You are my only trust in every calamity. You are my only hope in every hardship. You are the only promise in anxiety and distress, in which hearts become weak and (human) action becomes slight, whereby one is deserted and forsaken by his own friends, and the enemies take malicious pleasure and rejoice at his misfortunes. Oh, Allah, I submit myself to You. My complaint is to You alone against my enemies, and to You alone is my desire and request. Who else other than You can relieve me from grief? You alone are the custodian of every blessing and the master of every excellence and the last resort for every desire." —the prayer of the Imam-Husayn (AS) on the Day of Ashura

The Literature of Islam Paula Youngman Skreslet 2006-09-20 This book introduces the literature of Islam as it is presented in English translation. For scholars in other fields who need to understand the vast and complex literary heritage of this erudite and vigorous faith community (but are unable to devote years of their lives to achieving a reading proficiency in classical Arabic), for faculty members called upon to teach introductory or survey courses outside their own disciplines, and for graduate students in theology, medieval studies, world religions, or related fields who need access to these primary sources in English translation, *The Literature of Islam* is a welcome resource. Even lay readers who are interested in understanding the modern Arab or Islamic world may grasp something of the currents of thought and belief through the centuries that produced these important works, which continue to exert a powerful influence upon Muslims today.

Creative Conformity Elizabeth M. Bucar 2011-02-15 Much feminist scholarship has viewed Catholicism and Shi'i Islam as two religious traditions that, historically, have greeted feminist claims with skepticism or outright hostility. *Creative Conformity* demonstrates how certain liberal secular assumptions about these religious traditions are only partly correct and, more importantly, misleading. In this highly original study, Elizabeth Bucar compares the feminist politics of eleven US Catholic and Iranian Shi'i women and explores how these women contest and affirm clerical mandates in order to expand their roles within their religious communities and national politics. Using scriptural analysis and personal interviews, *Creative Conformity* demonstrates how women contribute to the production of ethical knowledge within both religious communities in order to expand what counts as feminist action, and to explain how religious authority creates an unintended diversity of moral belief and action. Bucar finds that the practices of Catholic and Shi'a women are not only determined by but also contribute to the ethical and political landscape in their respective religious communities. She challenges the orthodoxies of liberal feminist politics and, ultimately, strengthens feminism as a scholarly endeavor.

The Mughals and the Sufis Muzaffar Alam 2021-08-01 Examines the relationship between Mughal political culture and the two dominant strains of Islam's Sufi traditions in South Asia: one centred around orthodoxy, the other focusing on a more accommodating and mystical spirituality. Based on a critical study of a large number of contemporary Persian texts, court chronicles, epistolary collections, and biographies of Sufi mystics, *The Mughals and the Sufis* examines the complexities in the relationship between Mughal political culture and the two dominant strains of Islam's Sufi traditions in South Asia: one centered around orthodoxy, the other focusing on a more accommodating and mystical spirituality. Muzaffar Alam analyses the interplay of these elements, their negotiation and struggle for resolution via conflict and coordination, and their longer-term outcomes as the empire followed its own political and cultural trajectory as it shifted from the more liberal outlook of Emperor Akbar "The Great" (r. 1556–1605) to the more rigid attitudes of his great-grandson, Aurangzeb 'Alamgir (r. 1658–1701). Alam brings to light many new and underutilized sources relevant to the religious and cultural history of the Mughals and reinterprets well-known sources from a new perspective to provide one of the most detailed and nuanced portraits of Indian Islam under the Mughal Empire available today. Muzaffar Alam is George V. Bobrinsky Professor in South Asian Languages and Civilizations at the University of Chicago. He is the author of several books, including, *The Languages of Political Islam: India 1200–1800* and *The Crisis of Empire in Mughal North India: Awadh and the Punjab, 1707–1748*.

The City and the Wilderness Arash Khazeni 2020 *The City and the Wilderness* tells the story of a lost world of encounters. It recounts the journeys and micro-histories of Indo-Persian travelers across the Indian Ocean and their

contacts with the Burmese Kingdom and its littoral during the turn of the nineteenth century. As Mughal sovereignty waned under mounting British colonial rule, Indo-Persian travelers and intermediaries linked to the East India Company explored and surveyed the Burmese Empire, inscribing it as a forest landscape and Buddhist kingdom at the crossroads of South and Southeast Asia. Revealing an archive of colonial Persian travel books and narratives in which Indo-Persian knowledge and perceptions of the wondrous edges of the Indian Ocean merged with the Orientalist pursuits of the East India Company, *The City and the Wilderness* uncovers the fading histories of inter-Asian crossings and exchanges at the ends of the Mughal world.

Philosophical Sufism Mukhtar H. Ali 2021-07-28 Analyzing the intersection between Sufism and philosophy, this volume is a sweeping examination of the mystical philosophy of Muḥyī-dīn Ibn al-ʿArabī (d. 637/1240), one of the most influential and original thinkers of the Islamic world. This book systematically covers Ibn al-ʿArabī's ontology, theology, epistemology, teleology, spiritual anthropology and eschatology. While philosophy uses deductive reasoning to discover the fundamental nature of existence and Sufism relies on spiritual experience, it was not until the school of Ibn al-ʿArabī that philosophy and Sufism converged into a single framework by elaborating spiritual doctrines in precise philosophical language. Contextualizing the historical development of Ibn al-ʿArabī's school, the work draws from the earliest commentators of Ibn al-ʿArabī's oeuvre, ʿAdī al-Dīn al-Qānawī (d. 673/1274), ʿAbd al-Razzāq al-Kāshānī (d. ca. 730/1330) and Dawūd al-Qayṣarī (d. 751/1350), but also draws from the medieval heirs of his doctrines Sayyid ʿAydar Ḥamīdī (d. 787/1385), the pivotal intellectual and mystical figure of Persia who recast philosophical Sufism within the framework of Twelver Shiʿism and ʿAbd al-Raḥmān Jāmī (d. 898/1492), the key figure in the dissemination of Ibn al-ʿArabī's ideas in the Persianate world as well as the Ottoman Empire, India, China and East Asia via Central Asia. Lucidly written and comprehensive in scope, with careful treatments of the key authors, *Philosophical Sufism* is a highly accessible introductory text for students and researchers interested in Islam, philosophy, religion and the Middle East.

The Promised Mahdi: Muḥammad Bāqir ibn Muḥammad Taqī Majlisī 2012

Shi'ite Islam Sayyid Muḥammad Ḥusayn ʿAbī-ʿAbī 1979-06-30 Despite a growing interest in the last hundred years in both orientalism and comparative religions, and the fact that there are over fifty million Shi'a Muslims, until now there has been no thorough and objective study of that part of Islam called Shi'ism for Western scholars. The present work provides a clear account of the origin, history, and doctrines of an important sector of the Muslim religious community. It is written by a distinguished leader of that community, who, in addition to possessing a thorough knowledge of its traditional history and literature, presents its rational-philosophic, traditional-legal, and gnostic-mystical elements with warmth and sympathy. The result is a well-integrated general picture which succeeds in giving the reader a clear and comprehensive picture of how the Shi'ite Muslim views his religion.

Concepts of Messiah Yehoiakin ben Ya'ocov 2012-07-17 What is a Messiah? We have heard this word a lot, echoing down through the centuries. It is used by three major religions on this planet: Christianity, Judaism, and Islam. Who is the Messiah? What is, or what will his purpose be? And if he has already come, then what was his purpose? Will he return? If you ask this question to clerics of the three monotheistic religions, they each will give you a different answer and a different name. Each of these clerics will have a different concept of Messiah. In this book, Messianic Jewish moreh (teacher), cantor, and writer YEHOIAKIN BEN YA'OCOV explores each of the concepts in detail, in an easy-to-read format. The scale of wisdom M. Muhammadi Rayshahri 2008-01-12 Text in English & Arabic. This is a collection of narrations from the honourable Prophet of Islam and the Twelve Imams (AS). This compendium of Shi'a 'a hadith aims at traditions which are central to understanding the teachings of the Holy Qur'an and the ethical foundations of Islam. The ten-volume edition, for which the present volume serves as an abridged edition, was first published in March 1983 in Arabic. The remarkable reception of *Mizan al-Hikmah* by researchers in the Islamic world shows a keen interest of the new generation of scholars in the pure knowledge of Islam. To simplify the use of this collection, a selection of its most important narrations was published in 1987. This book offers the translation of this Arabic selection and has undergone several years of appraisal and reappraisal by a group of translators at the Islamic College in London in order to make the work accessible to a wider audience.

A Theory of Religious Democracy Hamid Hadji Haidar 2006 The rise of democracy is thought to be the pre-eminent development of the twentieth century. In the last two decades, the study of democracy and democratisation has been one main strand of the comparative study of politics, and particular attention has been paid to the relationship between Islam and democracy. Focusing on a proceduralist definition of democracy in terms of 'equality' and 'popular participation', Hadji Haidar articulates a Shi'a Islamic theory of religious democracy, which finds its parallel in Western secular democracy in the unspecified concept of democracy and has a particular religious component. His analysis compares ideal secular democracy and ideal religious democracy, and contrasts actual secular democracy with actual religious democracy.

Tu?fah Yi- ?Abb?s? Mu?ammad ?Al? Sabzv?r? 2008 This book is one of the oldest and most important sources written on the esoteric teachings of Islam from a Shi'ite perspective. It demonstrates the Qur'anic origins of Sufism and its close relationship with Shi'ism. The book is based mainly on the teachings of the Qur'an, Hadith narrations of Shi'ite Imams, and the teachings of earlier Sufi masters. In this lies the uniqueness, authenticity, and strength of the book. Tuhfah yi-'Abbasi is written in a typical prose style of the Safavid period and is replete with Arabic words and phrases. The difficulty and dryness of the style, however, is properly compensated by timely quotation of Prophetic traditions, narrations of the Shi'ite Imams, and Sufi poetry composed by 'Attar, Rumi, Hafiz, Mansur Hallaj, as well as the author. This work conveys a universal message for all human beings, particularly at a time when Sufism and Shi'ism are misrepresented by pseudo-Sufis and extremist Shi'ite, and misunderstood by many readers in the Muslim world and in the West.
