The Oxford Companion to the American Musical Thomas S. Hischak 2008-06-02 From the silver screen to the Great White Way, small community theatres to television sets, the musical has long held a special place in America's heart and history. Now, in *The Oxford Companion to the American Musical*, readers who flocked to the movies to see *An American in Paris* or *Chicago*, lined up for tickets to *West Side Story* or *Rent*, or crowded around their TVs to watch *Cinderella* or *High School Musical* can finally turn to a single book for details about them all. For the first time, this popular subject has an engaging and authoritative book as thrilling as the performances themselves. With more than two thousand entries, this illustrated guide offers a wealth of information on musicals, performers, composers, lyricists, producers, choreographers, and much more. Biographical entries range from early stars Fred Astaire, Bing Crosby, Mary Martin, and Mae West to contemporary show-stoppers Nathan Lane, Savion Glover, and Kristin Chenoweth, while composers Irving Berlin, George Gershwin, Richard Rodgers, and Andrew Lloyd Webber all have articles, and the choreography of Bob Fosse, Tommy Tune, and Debbie Allen receives due examination. The plays and films covered range from modern

hits like Mamma Mia! and Moulin Rouge! to timeless classics such as Yankee Doodle Dandy and Show Boat. Also, numerous musicals written specifically for television appear throughout, and many entries follow a work-Babes in Toyland for example-as it moves across genres, from stage, to film, to television. The Companion also includes cross references, a comprehensive listing of recommended recordings and further reading, a useful chronology of all the musicals described in the book, plus a complete index of Tony Award and Academy Award winners. Whether you are curious about Singin' in the Rain or Spamalot, or simply adore The Wizard of Oz or Grease, this well-researched and entertaining resource is the first place to turn for reliable information on virtually every aspect of the American musical.

Chase's Calendar of Events 2017 Editors of Chase's 2016-09-23 Find out what's going on any day of the year, anywhere across the globe! The world's datebook, Chase's is the definitive day-by-day resource of what America and the wider world are celebrating and commemorating. Founded in 1957 on a reputation for accuracy and comprehensiveness, this annual publication has become the must-have reference used by experts and professionals for more than fifty years. From celebrity birthdays to historical anniversaries, from

astronomical phenomena to national awareness days, from award ceremonies and sporting events to religious festivals and carnivals, Chase's is the one-stop shop for everything that is happening now or is worth remembering from the past. The 2017 Edition of Chase's Calendar of Events brings you information about: The 500th anniversary of Martin Luther's Ninety-Five Theses The 150th anniversary of the Dominion of Canada The 100th anniversary of the Russian Revolution The 100th anniversary of splitting the atom The 50th anniversary of the Summer of Love Frank Lloyd Wright's 150th birth anniversary and much more!

De val van Rome Adrian Goldsworthy 2011-07-20 Het Romeinse Rijk was een lange tijd oppermachtig: geen andere staat ooit heeft over alle landen rond de Middellandse Zee geheerst. De Romeinen vormden niet alleen een politieke en militaire grootmacht, maar waren hun tijd ook ver vooruit op het gebied van retoriek, wetgeving, literatuur, wegenbouw en architectuur. In de vierde eeuw werd het Rijk gesplitst in een westelijk en een oostelijk deel en niet lang daarna kwam het West-Romeinse Rijk ten val. Over de oorzaken bestaan vele theorieën. Er wordt gesuggereerd dat wereldrijken een onafwendbare levenscyclus van opkomst en ondergang doorlopen. De rol van het

opkomende christendom, grote Europese migratiestromen, interne strubbelingen en de decadentie van de macht worden als verklaring genoemd. In een breed opgezet boek vertelt Adrian Goldsworthy het complexe, dramatische, spannende verhaal van de ondergang van Rome: over bloedige invasies en barbaarse staatsgrepen, corrupte keizers, sluwe hovelingen en de talloze kleurrijke burgers wier levens op het spel stonden. Het resultaat is geschiedschrijving in de beste, ouderwetse zin: een prachtig verteld verhaal met kleurrijke personages dat ons denken over de val van Rome verdiept en nuanceert.

Not So Golden After All Larry N. Gerston 2012-04-03 Quality public education, modern highway systems, and reasonably priced housing—these are just some of the qualities that once made California one of the most desirable places to live. Just a few decades later, the state finds itself with an education

system that is failing its citizens, one of the highest unemployment rates in the nation, and a quickly evaporating dream of home ownership. Illustrating each step of the breakdown that led to its current state of dysfunction, *Not So Golden After All: The Rise and Fall of California* provides insight into a system gone amuck. It addresses complicated topics in an engaging manner to help the public and leaders alike understand how to make policies that balance expectations with outcomes. Key political themes covered include disconnected institutions, perpetually unbalanced budgets, immigration, voter ignorance, interest group influence, and dysfunctional institutions. Investigating the gridlock that has become all too common within the state's legislature, the book: Demonstrates the impact of the state's inability to generate sufficient revenue, particularly for public education and an under-trained workforce Highlights the problems created by poor land use planning—from suburban sprawl and government waste to inefficient use of agricultural land Examines how interest groups have been able to wrest control of the processes that were created to keep them in line Identifies the duplication of efforts and other inefficiencies at the state and local levels Author Larry Gerston leaves no stone unturned in his discussion of California's economy, position on the

Pacific Rim, cultural diversity, land and water issues, and its relationship with the federal government. He examines the state's infrastructure, natural resources, immigration issues, education, finance, healthcare, civil rights, planning and development, security, laws, political parties, and power structures to provide civic leaders and policy makers with the understanding required to restore the sheen to this once glistening paradise. The Contra Costa Times discussed Larry Gerston's recent Commonwealth Club lecture in a May 17, 2012 article. Read an interview with Larry Gerston in The Mercury News.

The Vanishing Track Stephen Legault 2012 While trying to help those evicted from the Lucky Strike, a low-rent hotel in Vancouver's Downtown Eastside, Cole Blackwater and his best friend Denman Scott discover that homeless people in the area are disappearing without a trace. Working with news

reporter Nancy Webber and street nurse Juliet Rose to solve the missing persons case, Cole and Denman venture into the dark corners of the city's underworld. Soon they find themselves in the midst of a dangerous cabal of city officials, high-ranking cops, condo developers, and crime bosses. Tackling the real big-city issues of housing shortages, political corruption, and murder, *The Vanishing Track* is the third *Cole Blackwater Mystery* and the most compelling yet. "The best in the *Cole Blackwater* series." —*The Globe and Mail* "A brutally honest look at life on Vancouver's Downtown Eastside. A really great read." —Senator Larry Campbell, co-author of *A Thousand Dreams*

Fight Sports and American Masculinity Christopher David Thrasher 2015-06-18 Throughout America's past, some men have feared the descent of their gender into effeminacy, and turned their eyes to the ring in hopes of salvation. This work explains how the dominant fight sports in the United States have changed over time in response to broad shifts in American culture and ideals of manhood, and presents a narrative of American history as seen from the bars, gyms, stadiums and living rooms of the heartland. Ordinary Americans were the agents who supported and participated in fight sports and determined its vision of masculinity. This work counters the economic determinism prevalent in studies of American fight sports, which overemphasize profit as the driving force in the popularization of these sports. The author also disputes previous scholarship's domestic focus, with an appreciation of how American fight sports are connected to the rest of the world.

Drugs, Oil, and War Peter Dale Scott 2004-01-01 Peter Dale Scott's brilliantly researched tour de force illuminates the underlying forces that drive U.S. global policy from Vietnam to Colombia and now to Afghanistan and Iraq. He brings to light the intertwined patterns of drugs, oil politics, and intelligence networks that have been so central to the larger workings of U.S. intervention and escalation in Third World countries through alliances with drug-trafficking proxies. This strategy was originally developed in the late 1940s to contain communist China; it has since been used to secure control over foreign petroleum resources. The result has been a staggering increase in the global drug traffic and the mafias associated with it—a problem that will worsen until there is a change in policy. Scott argues that covert operations almost always outlast the specific purpose for which they were designed. Instead, they grow and become part of a hostile constellation of forces. The author terms this phenomenon parapolitics—the exercise of power by covert means—which tends to metastasize into deep politics—the interplay of unacknowledged forces that spin out of the control of the original policy initiators. We must recognize that U.S. influence is grounded not just in military and economic superiority, Scott

contends, but also in so-called soft power. We need a 'soft politics' of persuasion and nonviolence, especially as America is embroiled in yet another disastrous intervention, this time in Iraq.

Het Churchillcomplex Ian Buruma 2020-10-08 Ian Buruma's nieuwste boek: 'Het Churchillcomplex'. In 1945 werd West-Europa bevrijd door de Engelsen en de Noord-Amerikanen. Het VK en de VS waren toonbeelden van vrijheid, openheid en democratie. Na brexit en de verkiezing van Donald Trump is weinig meer over van dat beeld. Hoe is het zover gekomen? Waarom worden beide landen nu bestuurd door leiders die alles waar Churchill en Roosevelt voor hebben gestreden met voeten treden? Vanuit de onverwachte wending die de politiek van beide landen genomen heeft, vraagt Ian Buruma zich af of dit iets te maken heeft met de glorie van weleer. Hij gaat de relatie tussen de beide landen na, maar vooral ook de persoonlijke verhouding tussen de Britse

premiers en de Amerikaanse presidenten, te beginnen bij Churchill en Roosevelt. Maar ook tussen Kennedy en Macmillan, Reagan en Thatcher, Bush en Blair, en tenslotte Johnson en Trump. Dit resulteert in een serie prikkelende karakterschetsen en veelzeggende anekdotes. Buruma tekent een fascinerend beeld van de Anglo-Amerikaanse wereld in verval, en hoe een roemrijk verleden kan leiden tot de problemen van vandaag.

Mandate Madness James T. Bennett 2014-05-02 What do drivers' licenses that function as national ID cards, nationwide standardized tests for third graders, the late unlamented 55 mile per hour speed limit, the outlawing of the eighteen-year-old beer drinker, and the disappearing mechanical lever voting machine have in common? Each is the product of an unfunded federal mandate: a concept that politicians of both parties profess to oppose in theory but which in practice they often find irresistible as a means of forcing state and local governments to do their bidding, while paying for the privilege. Mandate Madness explores the history, debate, and political gamesmanship surrounding unfunded federal mandates, concentrating on several of the most controversial and colorful of these laws. The cases hold lessons for those who would challenge current or future unfunded federal mandates. James T.

Bennett also examines legislative efforts to rein in or repeal unfunded federal mandates. Finally, he reviews the treatment of unfunded mandates by the federal courts. Those who find wisdom in America's traditional federalist political arrangement maintain—perhaps with more wishfulness than realism—that the unfunded federal mandate has not yet joined death and taxes as an immovable part of the modern political landscape.

Shirley Booth David C. Tucker 2015-03-26 An Oscar-winning Best Actress for her tour-de-force role in *Come Back, Little Sheba*, Shirley Booth would ultimately win every major acting award that could be bestowed on an actress. Awarded three Tony Awards, two Emmys, and a Golden Globe, Booth was described by the judges at the Cannes Film Festival as “The World’s Best Actress.” Yet today fans know her best as the warm-hearted, busybody maid

of television's Hazel. This, the first biography of the beloved star, provides complete coverage of a career that encompassed theater, film, radio, and television, and co-stars such as Humphrey Bogart and Katharine Hepburn. It begins with Shirley's childhood in Brooklyn, and her rebellious decision to become an actress against the wishes of her strict father. Included is complete coverage of her tumultuous marriage to radio comedian Ed Gardner (of "Duffy's Tavern" fame), and a second, happier union that ended abruptly with her husband's death of a heart attack. Readers of this exhaustively researched biography will come to know a versatile and gifted star whose career spanned almost 60 years. Appendices provide extensive details of her Broadway, film, radio and television (episode-by-episode) credits.

Agents of Darkness Campbell Armstrong 2015-04-21 In international bestselling author Campbell Armstrong's thrilling, sophisticated tale of espionage, an assassin's vengeance triggers the exposure of a lethal conspiracy at the heart of the US government The director of the CIA lies unconscious and close to death in a private clinic, and his likely successor waits on his Pennsylvania estate while the power brokers in Washington, DC, do their deals. In the meantime, a man in Dallas is murdered. And on the other side of the globe, in Manila, a nondescript American is killed in his lover's back-alley apartment. Hard-drinking Scotsman Charlie Galloway, who has been suspended from his job in the LAPD, unofficially looks into the murder of a Filipino woman. Step by step, his investigation leads him to the nation's capital, where a shocking conspiracy reaches deep into the heart of government. [Reviews]

American Literature on Stage and Screen Thomas S. Hischak 2014-01-10 The 525 notable works of 19th and 20th century American fiction in this reference book have many stage, movie, television, and video adaptations. Each literary work is described and then every adaptation is examined with a discussion of how accurate the version is and how well it succeeds in conveying the spirit of

the original in a different medium. In addition to famous novels and short stories by authors such as Nathaniel Hawthorne, F. Scott Fitzgerald, and Willa Cather, many bestsellers, mysteries, children's books, young adult books, horror novels, science fiction, detective stories, and sensational potboilers from the past two centuries are examined.

Congressional Record United States. Congress 1969 The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

The Afterthought Jerry Kruz 2014-10-07 The Afterthought brings back into focus the psychedelic sixties in all of their purple-haze glory, as seen through the eyes of legendary west coast music promoter and entrepreneur Jerry Kruz. Using the historical posters as a timeline, Kruz's recollections are a celebration of the resiliency of Woodstock-era arts and culture and foundational musical acts like the Grateful Dead, Janis Joplin, Steve Miller, The Collectors

(Chilliwack), Tom Northcott Trio, Country Joe & the Fish and many more. Complete with selected discographies and band biographies for many of the musical acts included in the book, *The Afterthought* is illustrated throughout with selections from the folk-inspired and psychedelia-fuelled artwork of legendary artists Bob Masse and Frank Lewis.

The Long Reach of the Sixties Laura Kalman 2017-04-05 The Warren Court of the 1950s and 1960s was the most liberal in American history. Yet within a few short years, new appointments redirected the Court in a more conservative direction, a trend that continued for decades. However, even after Warren retired and the makeup of the court changed, his Court cast a shadow that extends to our own era. In *The Long Reach of the Sixties*, Laura Kalman focuses on the late 1960s and early 1970s, when Presidents Johnson and Nixon attempted to dominate the Court and alter its course. Using newly released--and consistently entertaining--recordings of Lyndon Johnson's and Richard Nixon's telephone conversations, she roots their efforts to mold the Court in their desire to protect their Presidencies. The fierce ideological battles--between the executive, legislative, and judicial branches--that ensued transformed the meaning of the Warren Court in American memory. Despite

the fact that the Court's decisions generally reflected public opinion, the surrounding debate calcified the image of the Warren Court as activist and liberal. Abe Fortas's embarrassing fall and Nixon's campaign against liberal justices helped make the term "activist Warren Court" totemic for liberals and conservatives alike. The fear of a liberal court has changed the appointment process forever, Kalman argues. Drawing from sources in the Ford, Reagan, Bush I, and Clinton presidential libraries, as well as the justices' papers, she shows how the desire to avoid another Warren Court has politicized appointments by an order of magnitude. Among other things, presidents now almost never nominate politicians as Supreme Court justices (another response to Warren, who had been the governor of California). Sophisticated, lively, and attuned to the ironies of history, *The Long Reach of the Sixties* is essential reading for all students of the modern Court and U.S. political history.

Dienaren Van Het Volk Muel Kaptein 2018-05-09 Integriteit is een zeer actueel

thema binnen de publieke sector. Alleen al het aantal politici en bestuurders dat moet opstappen vanwege een gebrek aan integriteit is aanzienlijk. Dit boek is daarom geschreven voor degenen in de publieke sector die de eigen integriteit willen versterken en beschermen. Het boek geeft, aan de hand van vele praktijkvoorbeelden, uiteenlopende handvatten. De centrale boodschap is dat de macht van integriteit groot is: het kan een dienaar van het volk maken of breken. Muel Kaptein is hoogleraar integriteit aan de Erasmus Universiteit Rotterdam en partner bij KPMG Integriteit.
