Race and Real Estate Adrienne R. Brown 2015-10-28 Race and Real Estate brings together new work by architects, sociologists, legal scholars, and literary critics that qualifies and complicates traditional narratives of race, property, and citizenship in the United States. Rather than simply rehearsing the standard account of how blacks were historically excluded from homeownership, the authors of these essays explore how the raced history of property affects understandings of home and citizenship. While the narrative of race and real estate in America has usually been relayed in terms of institutional subjugation, dispossession, and forced segregation, the essays collected in this volume acknowledge the validity of these histories while presenting new perspectives on this story.

Married under the Influence Harmony Rose 2014-09-08 As the wife of an alcoholic, author Harmony Rose searched for some validity to her emotions: she didn't want to feel crazy anymore or continue to carry the shame and blame that came with her husband's alcoholism. In Married under the Influence, she shares her story of living year after year with a husband who is an alcoholic. With excerpts from her journal entries, Rose tells how all she ever wanted was to be loved by the man she had given her heart to, but she had no idea how to reach him, even briefly contemplating suicide. Then, she had a spiritual awakening that changed their lives forever. She tells the

details of her journey to not only help her understand and heal, but to help others. Including interviews with recovering alcoholics and with other wives whose husbands are alcoholics, *Married under the Influence* offers stories of strength, love, and hope. It shows how forgiveness can free you from your own emotional prison and how loving unconditionally doesn't have to mean losing yourself.

Tuu Here Mary Barbee 2010-05-03 Moving to Africa in 1979, from rural, small town Mississippi was a leap of faith and a catalyst for great adventure. With graduation from college looming and looking for direction, a Peace Corps flier crosses Mary Duncans path. Mary volunteers to teach Cameroonians how to grow fish for food by building fish ponds in Cameroon. After four months of training, she is assigned to a very isolated post in Yoko. She must adapt to a French speaking, half Muslim world without electricity and plumbing. For the first year, the only other volunteers in the area are a 12 hour bush taxi ride away. Mary gains a unique view of what life is really like in Yoko, where the local tribe, the Bavut, speaks their own patois (language) and are happy to share their opinions on a wide range of topics including homosexuality, polygamy, nuclear bomb programs and whether or not pygmies are indeed human. The first year Mary is occupied with work and survival: learning how to live without modern conveniences, communicate with the locals, and with very little to eat. During the second year, as the locals begin to know and trust her, she gets to look under the surface and discovers not everything is as innocent as it seems. On this journey to the third world, Mary learns as much about herself as she does of

the people around her. Marys cross-cultural experience attests the commonalities of human beings on higher levels than the boundaries we build between us, and that many challenges that we face are universal: the need for shelter, friendship, and fish. For those thinking to joining the Peace Corps or those looking to travel abroad on a road less traveled, this book can give you honest insight into what you can expect on your own journey.

The World Is Very Round Maurice Siegel 2014-12-19 Unlike words of a novel where the author may wish to inform the reader of unspoken but intended feelings for the reader, the author adds an aside with additional lines. Such asides in a play will cause the listener's building emotional connection to get diminished. But it is the double purpose with the words spoken that produce both information and emotion, each with their separate purposeful existences struggling with each other at the very same moment. That is so fascinating in plays and makes me want to try my best at this art form.

Bailing Out Barry Lubetkin 2010-05-11 As a leading cognitive behavior therapist, Dr. Barry Lubetkin has heard every excuse there is for staying in a bad relationship: "The time isn't right." "We have to stay together for the children's sake." "It's too late to start another relationship." Created out of fear and guilt, these rationalizations can lead to depression, phobias, and psychosomatic illnesses. But the real problem-- your desire to get out of the bad relationship-- is barely recognized. In "Bailing Out" you'll discover whether you should get out of your relationship, and if so how to make the leap. "Bailing Out" is filled with daily logs, checklists, exercises, and more, including: Step-by-step survival techniques for weathering your breakup Compelling case studies from people who have been there A do-it-yourself "Fear Buster Chart" to help you pinpoint those things that are standing in your way-- and show you how to counteract them with healthy actions Relaxation techniques to help you cope with the anxiety of those first few weeks of sleeping alone, a leaner bank account, single parenthood, the fear of AIDS, and the high cost of divorce But perhaps the most important message in "Bailing Out" is that you can free yourself from a bad relationship-- and happily, healthfully, and confidently survive.
