Iran's Revolutionary Guard Steven O'Hern 2012-10-31 Since the Iranian Revolution more than thirty years ago, the Islamic Revolutionary Guard Corps (IRGC), also known as the Revolutionary Guard, has conducted covert and overt military operations, built an economic empire, and trained, financed, and guided terrorists to pursue one goal—the preservation and expansion of the Islamic revolution. Inside Iran the IRGC influences the country's politics, economy, and foreign policy, and controls its nuclear program. Outside Iran the operations of the IRGC and its proxies, including Hezbollah in Lebanon and Shiite militias in Iraq, have left a trail of death—from the 1983 truck bombings in Beirut that killed 241 U.S. peacekeepers and 58 French paratroopers to numerous attacks on U.S. (and allied) troops in Iraq and Afghanistan. Now, no longer content to strike in Iraq and Afghanistan or at targets in the Middle East and south Asia, the IRGC and Hezbollah operate throughout North and South America, developing the capability to strike the continental United States and deliver a blow to America's economy far worse than today's financial crisis. In Iran's Revolutionary Guard, Steven O'Hern reveals new information about the IRGC and Hezbollah operations inside America based on interviews with former and active members of the FBI, CIA, local law enforcement, military intelligence, and even one former Revolutionary Guard officer. The author details how the IRGC has grown into such a dangerous foe and explains how its members' activities have put the American

economy and American lives at risk. His research suggests that the IRGC may be planning to explode, high above a Midwestern city, a nuclear weapon that would emit an electromagnetic pulse strong enough to render anything with a computer chip useless, including the hundreds of transformers that control the country's electrical grid. One thing is certain, according to O'Hern: the Revolutionary Guard is a serious threat to the well-being of all U.S. citizens. Understanding the Volatile and Dangerous Middle East Steven Carol 2019-09-26 The Middle East can be bewildering, which is why we need to connect the dots that pull together the political, economic, diplomatic, military, cultural, and religious pieces of the puzzle. Professor Steven Carol slashes through the confusion with a topical approach, focusing on key issues such as the geographic features of the Middle East, demographics of the region, the influence of Islam, political processes, shifting alliances, war in the region, and the need for security. He also takes a careful look at perpetual negotiations, attempts to secure peace, and the role that the media play in how we view the region. His goal: to clarify the confusing nature of Middle East affairs and to combat the mistaken beliefs, misrepresentations, and outright fabrications about the region. In a bid to reclaim the truth, he shares basic principles, relying on factual supporting evidence to prove their validity. Seventy-eight maps and numerous tables make understanding complex topics easier. Whether you're a student, educator, bureaucrat or politician, you'll find insights based on facts in Understanding the Volatile and Dangerous Middle East.

Keeping Israel Safe Barbara Sofer 2014-01-01 Meet four Israeli teens as they make their choices to join one of the many branches of the Israel Defense Forces, and learn about the various branches of the IDF. As we get to know the four teens and how they plan to fulfill their mandatory service, we learn how the IDF with its advanced technology, intelligence, and weapons systems, grew to be one of the most admired armies in the world.

Golda Meir Jean F. Blashfield 2011-01-15 Presents the biography of Golda Meir against the backdrop of her political, historical, and cultural environment.

The West Bank Aryeh Shale? 1985 This volume explores the importance of the West Bank for Israel's security. The author assumes that a political solution to the West Bank issue will be negotiated between Israel and the Jordanians and Palestinians, and that the talks thereafter will focus on the question of security. He examines various security topics based on the current political agreement, and considers alternative political solutions and the security risks they would entail for Israel. In particular, he analyzes the possible military risks of attacks against Israel, launched from or through the West Bank region if it is not under Israeli control, and the ways in which these risks could be minimized.

Israel's Military Operations in Gaza Marouf Hasian Jr 2016-03-31 Civilians in Gaza and Israel are caught up in complex, violent situations that have overstepped conventional battle lines. Both sides of the conflict have found ways to legitimate the use of violence, and continually swap accusations of violations of domestic and international humanitarian laws. Israel's Military Operations in Gaza provides an ideological critique of the legal, military, and social media texts that have been used to legitimate historical incursions into the Gaza, with special focus on Operation Protective Edge. It argues that both the Palestinians and the Israelis have deployed various forms of 'telegenic' warfare. They have each used argumentative rhetorics based on competing interpretations of events, and are locked in a battle to convince international audiences and domestic constituencies of the righteousness of their causes. This critical genealogical study analyses a range of texts and images, from selfies circulated near the Gaza border to judicial opinions produced by the High Court of Israel. With its multidisciplinary approach and original analysis of the Israel/Gaza situation, this book will be of interest to students and scholars of Middle East studies and the Arab-Israeli conflict, as well as security studies and communication studies.

Returning Home Elisa Silverman 2015-11-01 "Next year in Jerusalem!" This is how every Passover seder (seh-dehr) ends. Every year, Jews hold this special meal where they retell the story of the Israelites escaping slavery in Egypt, crossing the desert and building their own nation. The exclamation symbolizes the yearning of the Jews to return to their ancient homeland, lost to them nearly two thousand years ago. From the earliest days of aliyah (which describes the process of Jews returning to Israel) through today, the new arrivals have had many different reasons for coming to Israel. The first pioneers were motivated to build a modern Jewish state on their historic land. In many cases, they were fleeing anti-semitism or were expelled from their birth country because of it. In other cases, major national upheavals created a general chaos and instability they wanted to leave. Other immigrants have no need for rescue, but leave their birth countries to fulfill their dream of living a Jewish life in the Jewish homeland. Even for those Jews leaving their birth countries in distress, they have a choice as well. Many of the Russian Jews fleeing Russia in the late 19th century decided to immigrate to the United States instead of Israel. Of the nearly one million Jews who fled their homes in Arab countries, around two-thirds of them chose to come to Israel, while others went to France, Canada or the United States. So every Jew making aliyah has chosen to live in Israel. Each one has their own unique set of circumstances and wishes that brought them to the little country. Here are just a few of their stories.

The Harbinger Companion with Study Guide Jonathan Cahn 2013 A companion to "The Harbinger" answers questions raised by the text and delves into the mysteries it reveals, in a work that can be used for individual study, Bible studies and small groups, and congregational teaching.

The Mediation Dilemma Kyle Beardsley 2011-08-18 While mediation has a strong record in reducing hostilities, it is

not without its own problems. In *The Mediation Dilemma*, Kyle Beardsley highlights its long-term limitations.

Israel and the Diaspora: Jewish Connectivity in a Changing World Robert A. Kenedy

The Battle for Syria Christopher Phillips 2020-09-22 An unprecedented analysis of the crucial but underexplored roles the United States and other nations have played in shaping Syria's ongoing civil war "One of the best informed and non-partisan accounts of the Syrian tragedy yet published."—Patrick Cockburn, *Independent Syria's* brutal, long-lasting civil war is widely viewed as a domestic contest that began in 2011 and only later drew foreign nations into the fray. But in this book Christopher Phillips shows the crucial roles that were played by the United States, Russia, Iran, Saudi Arabia, Turkey, and Qatar in Syria's war right from the start. Phillips untangles the international influences on the tragic conflict and illuminates the West's strategy against ISIS, the decline of U.S. power in the region, and much more. Originally published in 2016, the book has been updated with two new chapters.

Continuity and Change Rita James Simon 1978-07-28 In this detailed 1978 study, Professor Rita J. Simon examines two significant ethnic communities in Israel: one of ultra-Orthodox Jews, and the other of Israeli Arabs. The Jews form a tiny but cohesive group with a strong sense of pride in their heritage and values. The Arabs, who comprise thirteen percent of the total population of Israel, occupy a politically and culturally sensitive position within that state. The author argues that despite these and obvious other cultural differences the two communities are akin in their separateness from the mainstream of Israeli society. She presents explanations of how and why both groups maintain cultural values and social patterns that prevent their assimilation into and acceptance by the broader society. *Continuity and Change* is significant as a study of contemporary social conditions in Israel, of sources of conflict within that society, as of implications that these conflicts have for the future.

Routledge Handbook on Israeli Security Stuart A. Cohen 2018-10-17 The *Routledge Handbook on Israeli Security* provides an authoritative survey of both the historical roots of Israel's national security concerns and their principal contemporary expressions. Following an introduction setting out its central themes, the Handbook comprises 27 independent chapters, all written by experts in their fields, several of whom possess first-hand diplomatic and/or military experience at senior levels. An especially noteworthy feature of this volume is the space allotted to analyses of the impact of security challenges not just on Israel's diplomatic and military postures (nuclear as well as conventional) but also on its cultural life and societal behavior. Specifically, it aims to fulfill three principal needs. The first is to illustrate the dynamic nature of Israel's security concerns and the ways in which they have evolved in response to changes in the country's diplomatic and geo-strategic environment, changes that have been further fueled by technological, economic and demographic transformations; Second, the book aims to examine how the evolving character of Israel's security challenges has generated multiple – and sometimes conflicting – interpretations of the very concept of "security", resulting in a series of dialogues both within Israeli society and between Israelis and their friends and allies abroad; Finally, it also discusses how areas of private and public life elsewhere considered inherently "civilian" and unrelated to security, such as artistic and cultural institutions, nevertheless do mirror the broader legal, economic and cultural consequences of this Israeli preoccupation with national security. This comprehensive and up-to-date collection of studies provides an authoritative and interdisciplinary guide to both the dynamism of Israel's security dilemmas and to their multiple impacts on Israeli society. In addition to its insights and appeal for all people and countries forced to address the security issue in today's world, this Handbook is a valuable resource for upper-level undergraduates and researchers with an interest in the Middle East and Israeli politics, international relations and security studies.

Let My People Know Aryeh Lightstone 2022-06-28 The Trump administration's "Peace to Prosperity" vision for the Middle East was unveiled on January 28, 2020. What followed over the next eleven months was one of the most fascinating and consequential periods of U.S. foreign policy in a generation, leading to five normalization agreements between Israel and Muslim states. The Abraham Accords achieved what had seemed impossible for decades and set the Middle East on a trajectory toward a broad regional peace. Aryeh Lightstone is uniquely positioned to tell the story. As the senior advisor to the U.S. Ambassador to Israel, he had a front-row seat on events that dramatically altered the dynamics of the Middle East. He was tasked with a complex and sensitive component of the Abraham Accords: turning them into practical action, and doing it quickly—during a pandemic, no less. In addition, he directed the Abraham Fund, led the Abraham Accords Business Summit, and served as the key contact between Israel and the other Accords nations for implementation. *Let My People Know* provides a behind-the-scenes account of the strategies that allowed the "Deal of the Century" to be struck, and an unvarnished look at the Middle Eastern idiosyncrasies that factored into the process. A rabbi and an enthralling storyteller, Lightstone paints a vivid picture of the varied cultures and personalities involved. He also offers a glimpse into the day-to-day activities of an embassy. Finally, he explains what the Biden administration must do better to advance America's interests abroad. We now have a paradigm for a forward-looking Middle East policy that ultimately benefits the United States. Lightstone makes the case for strategic action to maintain the momentum.

The 1967 Arab-Israeli War Avi Shlaim 2012-02-13 The June 1967 war was a watershed in the history of the modern Middle East. In six days, the Israelis defeated the Egyptian, Syrian and Jordanian armies, seizing large portions of their territories. Two veteran scholars of the Middle East bring together some of the most knowledgeable experts in their fields to reassess the origins and the legacies of the war. Each chapter takes a different perspective from the

vantage point of a different participant, those that actually took part in the war, and also the world powers that played important roles behind the scenes. Their conclusions make for sober reading. At the heart of the story was the incompetence of the Egyptian leadership and the rivalry between various Arab players who were deeply suspicious of each other's motives. Israel, on the other side, gained a resounding victory for which, despite previous assessments to the contrary, there was no master plan.

Keeping Israel Safe Barbara Sofer 2008 Meet four Israeli teens as they make their choices to join one of the many branches of the Israel Defense Forces, and learn about the various branches of the IDF. As we get to know the four teens and follow their decision-making process about how to fulfill their mandatory service, we learn how the IDF with its advanced technology, intelligence and weapons systems, grew to be one of the most admired armies in the world.

Israel, the Arabs and Iran Ehud Eilam 2017-08-03 Israel borders four states – Syria, Egypt, Jordan and Lebanon, and two entities – the Palestinian authority in the West Bank and Hamas in the Gaza strip. In recent years, despite incidents on the border with Syria and Egypt, the basic strategic status quo with these countries has not changed, and the overall balance of power between Israel and the Arabs has been maintained. Due to its military might, none of Israel's Arab neighbours are able to defeat it. Israel, however, for political, economic and military reasons, avoids enforcing its will and interfering in internal Arab matters and has successfully managed to stay out of the Arab turmoil. Israel, the Arabs and Iran gives a detailed overview of the various national security challenges that Israel has faced since 2011. It explains the key considerations and constraints Israel has had to deal with on several fronts, from its northern border with Lebanon to its southern border with Egypt. The book provides the reader with a deep understanding of why and how Israel has struggled to keep the status quo, whilst a large part of the Middle East remains in turmoil. The book is aimed at anyone studying Israel, its Foreign Policy, Middle Eastern Politics and International Relations. It will also appeal to government officials, military officers and anyone working or interested in national security issues concerning the Middle East and particularly Israel.

Historical Dictionary of Israel Bernard Reich 2016-08-30 This third edition of Historical Dictionary of Israel contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 1100 cross-referenced entries on significant persons, places, events, government institutions, political parties, and battles, as well as entries on Israel's economy, society, and culture.

War'S a Racket Too Billy Ray Wilson 2016-09-28 Marine General Butlers enlightenment to the American people back in the 1930s was discarded just as the many publications, Internet, and books regarding the September 11, 2001 aerial attack on the United States of America. After General Butler, President Dwight David Eisenhower told the nation of the continuous dangers of the military-industrial complex; however, individuals like former Vice President Richard Cheney took us to war in Afghanistan and Iraq under the false threat of international terrorism. On or about September 20, 2016, a National Geographic documentary reported the questioning of President Saddam Hussein by a designated Federal Bureau of Investigations agent. From the interview, we learned President Hussein did not have any weapons of mass destruction nor was there an association with the religious zealot Osama bin Laden. Moreover, an Internet report, allegedly written by a minister of the British Government, cited a Pentagon PDAS stand policy for US Air Defense aircraft; whereas, allowing the hijacked airliners to proceed to their targets. Lastly, the Royal Saudi Government was not complicit in the 9/11 attack but individuals in our own government for the sale of military logistics and removing Saddam Hussein from power, at the behest of Israel. President George W. Bush is on tape confirming how Israel demanded the removal of Saddam Hussein and the 1998 Congress passed the 1998 Iraq Liberation Act to assure said action. Billy Ray Wilson, MSGT, USAF (retired)

Understanding Israel Today Elisa Silverman 2020-05-11 Understanding Israel Today is an accurate and contemporary presentation that explores the Middle Eastern nation of Israel with a focus on the country as it is today: current issues, culture, and lifestyle. The book is written in an easy-to-read enjoyable narrative form for elementary readers grades 3-6. The Israel title includes a native recipe and craft for students to create. Elementary students are encouraged to consider evidence from informational texts to support analysis, reflection, and research. Series titles have been developed to address many of the Common Core specific goals, higher level thinking skills, and progressive learning strategies for middle grade level students.

Best Jewish Books for Children and Teens Silver 2011-01-01 Linda Silver selected the titles that "represent the best in writing, illustration, reader appeal, and authentically Jewish content--in picture books, fiction and non-fiction, for readers ranging from early childhood through the high school years."--P. [4] of cover.

The Roads to Congress 2014 Sean D. Foreman 2015-10-30 This book provides sensible analysis of overarching themes (performance of the 113th Congress, voting laws, campaign finance, and use of social media) from the

2014 campaign cycle, as well as case studies of important congressional races. Collectively, the concepts and cases give a compelling narrative explanation of America's electoral process and the keys to winning vital elections.

Israel Digest 1955

Culture, Customs, and Celebrations in Israel Gil Zohar 2015-09-01 Culture in Israel is dynamic. Like in America or in Europe, pop culture, though rooted in history, is ever-changing and evolving. In many countries, culture is influenced by the neighboring countries, global immigration, and military heritage. But in the pressure cooker of contemporary Israel, culture changes more quickly than elsewhere. You can see evidence of this ultra-modernity by the country's almost universal cellphone and internet usage, the high percentage of consumers who make purchases online, and the two-thirds of Israelis who traveled outside the country in 2014. Language here reflects this warp-speed change. Welcome to an exploration of one of the world's oldest yet newest cultures, and certainly one of its most vibrant.

The Unmaking of Israel Gershom Gorenberg 2011-11-08 Prominent Israeli journalist Gershom Gorenberg offers a penetrating and provocative look at how the balance of power in Israel has shifted toward extremism, threatening the prospects for peace and democracy as the Israeli-Palestinian conflict intensifies. Informing his examination using interviews in Israel and the West Bank and with access to previously classified Israeli documents, Gorenberg delivers an incisive discussion of the causes and trends of extremism in Israel's government and society. Michael Chabon, Pulitzer Prize-winning author of *The Amazing Adventures of Kavalier and Clay*, writes, "until I read *The Unmaking of Israel*, I didn't think it could be possible to feel more despairing, and then more terribly hopeful, about Israel, a place that I began at last, under the spell of Gershom Gorenberg's lucid and dispassionate yet intensely personal writing, to understand."

Fire Sharon Adams 2017-11-07 My memoir, *Fire*, is my journey of self-definition and can be best summarized in words of the poet and writer Audre Lorde: If I didn't define myself, I would be crunched into other people's fantasies for me and eaten alive. My struggle for self-definition was not optional either. If I had not faced who I was and acted on it, I could never have harnessed my creative fire and become the woman, storyteller, and poet that I am.
